Amdt. dated May 26, 2004
Reply to Office action of April 13, 2004

REMARKS

This is in response to the Office Action mailed April 13, 2004. In the Office Action, Applicant's Claims 1-6, 14, 15 and 16 were rejected as anticipated by U.S. Pat. No. 6,138,084 ("Mine"). Claims 7, 11-13 were rejected as obvious in view of the combination of Mine and the Pocket Reference. Claims 1-16 were rejected under non-statutory obvious-type double patenting.

Applicant respectfully points out that a Preliminary Amendment, filed with the present continuation patent application on November 14, 2003, canceled Claims 1-16 and added new Claims 17-35. In a telephone conference with Examiner Olga Hernandez on May 24, 2004, the undersigned representative for the Applicant discussed the present Office Action and the Preliminary Amendment. During the telephone conference, the Examiner indicated that a new non-final office action considering the pending Claims 17-35 would be prepared and mailed. Applicant looks forward to receiving the new office action considering the claims added by the Preliminary Amendment.
